

# ISO 37001:2025 Anti-Bribery Management System Training

## Prevent Bribery. Build Integrity. Protect Your Business.

Our **ISO 37001:2025 Training Program** equips organizations and professionals with the **knowledge and practical tools** to implement, maintain, and continually improve an **Anti-Bribery Management System (ABMS)** aligned with the latest international standards.

With bribery and corruption posing significant **legal, financial, and reputational risks**, this training provides the skills needed to **identify risks, establish controls, and foster a culture of transparency and accountability**.

*Compliance isn't just about following rules — it's about safeguarding your reputation and future.*

---

## Why ISO 37001:2025?

ISO 37001:2025 is the **latest global standard** for preventing bribery and promoting ethical business practices.

It provides a **framework for organizations of all sizes and sectors** to detect, prevent, and respond to bribery and corruption effectively.

### Key benefits of implementing ISO 37001:2025:

- Reduce exposure to **legal and financial penalties** caused by bribery
  - Demonstrate compliance with **international anti-bribery laws** (e.g., FCPA, UK Bribery Act)
  - Strengthen **stakeholder trust** and brand reputation
  - Improve **corporate governance and transparency**
  - Build a **culture of integrity and accountability** across the organization
  - Gain a **competitive advantage** in markets where ethics matter
- 

## Training Objectives

By the end of this training, participants will be able to:

1. Understand the **requirements and updates** in ISO 37001:2025.

2. Identify **bribery risks** and implement effective control measures.
3. Develop policies, procedures, and a **compliance framework** to prevent bribery.
4. Align ISO 37001 with **global anti-bribery laws** and corporate governance best practices.
5. Prepare for **internal and third-party audits** for ABMS certification.
6. Promote an **ethical culture** within their organization to ensure long-term sustainability.

---

## Who Should Attend

This training is ideal for:

- Compliance, Ethics, and Legal Officers
- Senior Management and Board Members
- Risk and Governance Professionals
- Internal Auditors and ISO Implementers
- HR Managers involved in policy development
- Business Owners and Entrepreneurs in **high-risk industries**
- Procurement and Supply Chain Managers handling vendor relationships

---

---

## Training Methodology

Our training is **interactive, practical, and impactful**, blending theory with hands-on experience:

-  **Expert-led sessions** with certified compliance professionals
  -  **Case studies and group discussions** based on real-world challenges
  -  **Virtual and in-person delivery** for flexible learning options
  -  **Templates, policies, and implementation toolkits** included
  -  **Simulated audit exercises** to prepare participants for certification readiness
- 

## Certification

Participants who successfully complete the course will receive a **Certificate of Achievement**, globally recognized, demonstrating their expertise in anti-bribery management and compliance under ISO 37001:2025.

---

## Why Choose Us

- **Accredited global training provider** trusted by leading corporations
- Trainers with **deep expertise in governance, risk, and compliance**
- Access to **exclusive anti-bribery templates and risk assessment tools**
- Tailored corporate training programs for **high-risk industries and geographies**
- **Post-training implementation support and advisory services**

## Flexible Training Formats

Choose the learning method that best fits your needs:

- **Online Live Training** – Participate from anywhere with real-time interaction
- **Self-Paced E-Learning** – Learn at your own convenience with structured modules
- **On-Site Corporate Training** – Tailored solutions delivered at your location
- **Public Classroom Training** – Network with professionals and share knowledge
